19 January 2018

Dear Customer:

Cooper Tire & Rubber Company Europe Ltd. has been informed that an issue relating to motor vehicle safety exists in certain Cooper tyres, identified as follows:

Brand	Line	Size	DOT Identification Code			
COOPER	COBRA RADIAL G/T	P215/70R14	R7	HY	C28	0617 -- 0617
COOPER	COBRA RADIAL G/T	P225/70R14	R7	FC	C28	0617 -- 0717
COOPER	COBRA RADIAL G/T	P225/70R15	R7	UU	C28	0617 -- 0717
COOPER	TRENDSETTER SE	P205/75R15	R7	UL	C2T	0617 -- 0717
COOPER	TRENDSETTER SE	P235/75R15	R7	HL	C2T	0617 -- 0717
MASTERCRAFT	AS IV	P235/75R15	R7	HL	FEB	0617 -- 0717

The following illustration shows where to find the DOT information on a sample of one of the affected tyres. The affected DOT serial numbers are detailed in the above table (beginning with R7---- and ending with a four digit date code (2-digit week and 2-digit year) between 0617 and 0717 inclusive, in this example 0617.

Cooper Tire & Rubber Company Europe Ltd. is recalling all of the tyres with the identification number(s) above. Cooper Tire & Rubber Company Europe Ltd. has determined that the affected tyres may develop an in-service audible noise, unsatisfactory ride condition, belt separation, or distortion in the tread area that if undetected may ultimately result in a tyre failure leading to the loss of vehicle control and increase the risk of a possible crash. **If you believe you have an affected tyre, please immediately contact the dealer from which you purchased your tyres to arrange an inspection and a replacement of any affected tyres free of charge.**

If you have any queries in relation to this recall, please contact Cooper Customer Care at tyrerecall@coopertire.com or contact your local Cooper dealer. Information about the recall is also available on the Cooper Tire website <http://www.coopertire.co.uk>.

We regret this inconvenience, but are sure that you understand our interest in your safety and satisfaction with your tyres.

Sincerely
Cooper Tire & Rubber Company Europe Ltd.
